Not hiring the "right" physician can be costly.

Months 1 to 6 on the chart above represent the estimated loss in collections if your organization attempts to staff on your own for 6 months. As you can see, there is an overall deficit of \$ -192

However, if you decide to utilize MASC Medical from months 7 to 12, you begin to see a profit. But, due to the organizations deficit, months 7 to 9 are still shown as losses. True profits begin from months 10 to 12.
